ADULT MENTAL HEALTH FIRST AID TRAINING

MENTAL HEALTH FIRST AID

Mental Health First Aid is an international program proven to be effective. Peer-reviewed studies published in Australia, where the program originated, show that individuals trained in the program:

- Grow their knowledge of signs, symptoms and risk factors of mental illnesses and addictions.
- Can identify multiple types of professional and self-help resources for individuals with a mental illness or addiction.
- Increase their confidence in and likelihood to help an individual in distress.
- Show increased mental wellness themselves.

Studies also show that the program reduces the social distance created by negative attitudes and perceptions of individuals with mental illnesses.

When: Friday, April 19, 2024
Time: 9:00am-4:30pm CT
Lunch 12-1pm (on your own)

Where: Mid-Plains Community College- McMillen Hall # 213

ALGEE, the Mental Health First Aid Action Plan

- Assess for risk of suicide or harm*
- Listen nonjudgmentally*
- Give reassurance and information*
- Encourage appropriate professional help*
- Encourage self-help and other support strategies*

Questions? Contact Shannon at 308-529-0595

This project is funded 100% by the Region II Human Services Substance Use Prevention & Treatment Block Grant (\$5,093 90631-o4-YR4) through the Substance Abuse and Mental Health Services Administration, contracted through the Nebraska Department of Health and Human Services, Division of Behavioral Health.

Sometimes, first aid isn't
a **bandage**,
or **CPR**,
or the **Heimlich**,
or calling **911**.

Sometimes, first aid is **YOU!**

Someone you know could be experiencing
a mental illness or crisis. You can help them.

You are more likely to encounter someone — friend, family member, coworker, neighbor, or member of the community — in an emotional or mental crisis than someone having a heart attack. Mental Health First Aid teaches a 5-step action plan to offer initial help to people with the signs and symptoms of a mental illness or in a crisis, and connect them with the appropriate professional, peer, social, or self help care. Anyone can take the 8-hour Mental Health First Aid course — first responders, students, teachers, leaders of faith communities, human resources professionals, and caring citizens.

Sometimes, the best first aid is you.
Take the course, save a life, strengthen
your community.
